📍 Sardaryab Gulabad, Moh Hassan Khel, Charsadda, Pakistan

Summary

Full Stack Developer with hands-on experience in **ASP.NET Core, React.js, SQL Server, and Dapper ORM, EF Core**. Skilled in building scalable web applications, developing REST APIs, and implementing **Stripe payment integrations including subscriptions, payments, and refunds**. Experienced in database optimization, reporting tools such as **RDLC and iTextSharp**, and delivering efficient backend solutions with responsive frontend interfaces.

Education

🎓 BS Software Engineering

City University of IT, Peshawar (2019 – 2023, CGPA: 3.01)

🎓 FSc Pre-Engineering

P.E.F University College, Peshawar (2017 – 2019, Marks: 70.6%)

🎓 Matric (Science)

Al-Karim Public High School, Charsadda (2006 – 2017, Marks: 67.9%)

Skills

🔗 **Programming:** C#, JavaScript, SQL (T-SQL)

🖥️ **Frontend:** React.js, HTML, CSS, Bootstrap, jQuery

🔧 **Backend:** ASP.NET MVC, ASP.NET Core, Web Forms, REST APIs

🗄️ **Database:** SQL Server, MySQL, Stored Procedures

📦 **ORM:** Dapper (Repository Pattern), Entity Framework (Code First)

💳 **Payment Integration:** Stripe Payments, Stripe Subscriptions, Refund Processing

📄 **Reporting & PDFs:** RDLC Reports, iTextSharp

🔄 **Version Control:** Git, GitHub

Languages

🌐 **Pashto** (Native) | **Urdu** (Professional) | **English** (Conversational)

Work Experience

🏢 Full Stack / Backend Developer (Nov 2025 – Present)

SMC Tech HRP – IT

- Contributing to the development of the **SMBP – Support Muslim Business Platform**.
- Developing backend services using **ASP.NET and REST APIs**.
- Implementing **Stripe payment integration including subscriptions and refunds**.
- Managing database operations using **SQL Server and stored procedures**.

🏢 Junior Software Developer (Nov 2024 – Oct 2025)

Sarhad University IT, Peshawar

- Contributed to the development of the University **MIS (ASP.NET)**.
- Implemented **Vedio Information System (ASP.NET)**.

🏢 Web Developer (Apr 2024 – Sep 2024)

Xpert IT Solution

- Developed and maintained web applications using modern web technologies.

🏢 Assistant Web Developer (Sep 2024 – Nov 2024)

Gandhara University – ORIC

- Optimized **database structure and queries** to improve system performance.

🏢 Junior Software Developer (Mar 2023 – Mar 2024)

Tri Byte Solutions

- Developed and maintained web applications using **ASP.NET Core MVC**.
- Worked with **Entity Framework Core (EF Core)** for data access and database operations.
- Participated in application development, debugging, and feature enhancements.

🏢 Remote Software Developer (Project-Based) (Apr 2024 – Jun 2024)

Tri Byte Solutions

- Worked remotely on a project basis, developing and maintaining systems using **ASP.NET Core MVC, EF Core**.
- Implemented new features, resolved issues, and supported ongoing system maintenance.

Projects

 **SMBP – Support Muslim Business Platform**
– ASP.NET Core, REST APIs, SQL Server, Stripe
Developed backend services, payment processing, subscriptions, refunds, and database operations.

 **Clothing Inventory Management System** –
ASP.NET Core MVC + Dapper + SQL Server
Manages suppliers, inventory, stock, POS, purchases, sales, and reporting.

 **University Learning Management System (LMS)** – ASP.NET Web Forms + SQL Server
Manages student assignments, semester records, grading, and academic reports.

 **Video Information System (VIS)** – ASP.NET Web Forms + SQL Server
Administrative system for video metadata management, record maintenance, and reporting.

 **University Management Information System (MIS)** – ASP.NET + SQL Server
Developed and maintained university administration and reporting modules.

 **Mobile Accessories Warehouse Management System** – ASP.NET Core MVC + SQL Server
Warehouse inventory tracking, stock management, supplier management, and reporting.

 **Mobile Accessories POS & Inventory System** – ASP.NET Core MVC + SQL Server
Developed POS, inventory, sales, purchase, customer, and supplier management features.

 **Rent A Car Mobile & Web Application** – ASP.NET Core API + SQL Server
Cross-platform vehicle booking and reservation system with web and mobile support.

 **Invoice Management System** – ASP.NET Web Forms + SQL Server + iTextSharp
Invoice generation, CRUD operations, PDF export, and customer billing management.

Certifications

 **Advanced Web Application Development**
Prime Minister's Youth Skills Development Program (NAVTTTC)
Dec 2024

- Awarded **A+ Grade**.
- Completed at **Xpert IT Solution & Training, Peshawar**.
- Covered modern web application development technologies and practices.

 **HTML5 Application Development**
Certiport, Pearson VUE, CertNexus, Pearson Applied Learning
2024

- Successfully completed the certification requirements for HTML5 Application Development.
- Demonstrated proficiency in HTML5, web technologies, application development concepts, and modern web standards.

 **ASP.NET for Experienced Developers Specialization**
Board Infinity & Coursera
Apr 2025

- Completed specialization covering C#, ASP.NET Core, Web APIs, Microservices.
- Learned to build scalable, secure, and enterprise-level .NET applications.

 **Backend Development using ASP.Net**
Board Infinity & Coursera
Apr 2025

- Developed backend applications using ASP.NET and ASP.NET Core.
- Worked with Web APIs, database integration, and application architecture.

 **Microservices and Deployment by using ASP.NET**
Board Infinity & Coursera
Apr 2025

- Learned Microservices Architecture using ASP.NET.

 **C# for .NET Developers**
Board Infinity & Coursera
Mar 2025

- Covered C# fundamentals, object-oriented programming, collections, exception handling, and .NET development concepts.

 **HTML5 Application Development**
Certiport

 **Web Application Development**
NAVTTTC
